

LONDONART WALLPAPER

A modern wallpaper has to combine design, practicality and materials. The distinctive trait of a wallpaper is to be a contemporary and custom-made element able to satisfy space, covering and design needs.

Londonart is all of this: we studied and created sartorial wallpaper, handcrafted works for an unmatched design product.

Una carta da parati attuale deve sapere coniugare design, funzionalità e materiali. Il bello di un wallpaper, però, sta nell'essere un elemento contemporaneo e custom made, capace di rispondere alle differenti esigenze di spazio, copertura e progettazione.

Londonart è tutto questo: abbiamo studiato e creato carte da parati di livello sartoriale, opere di autentica artigianalità, per un prodotto contemporaneo, di design, unico e funzionale.

Our brand's identity is a combination of fashion, graphic elements and architecture; materials, fabrics, aesthetic and decoration match functional capacity for striking, outstanding and balanced results at the same time. Contemporary demands turned Londonart's wallpaper in a sheer furnishing element, specific and on-demand — tailored and out of standards — that easily satisfy interior designers and architects needs.

Londonart is contemporaneity
An international sight in an artisanal soul: a name "Londonart" which recalls the essence of art and design through decoration. Every space can become furniture thanks to a product that transforms spaces by dressing up surfaces.

Londonart is practicality
A new concept of furniture that customises rooms with a concrete offer that solves the empty spaces problem by adapting itself to every situation.

Londonart is art
Patterns are wisely created by our designers: artists, architects, illustrators, tattoo artists and stylists put hands, eyes and ideas together with inspiration and metropolitan mood to offer multiple solutions and designs.

L'identità del nostro brand è infatti una combinazione di moda, elementi grafici e architettura; materiali, tessuti, estetica e decoro che si sposano alla funzionalità e al bisogno di razionalità degli spazi, per risultati al contempo d'impatto e armonici.

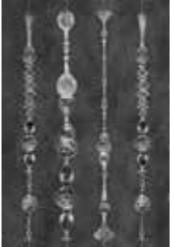

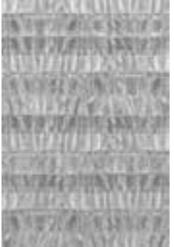

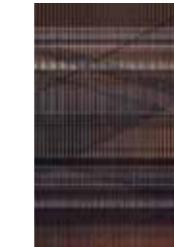

Le esigenze contemporanee hanno reso i wallpaper Londonart un elemento di puro arredamento, specifico e on-demand — su misura e fuori da ogni standard — che risponde a tutte le esigenze di progettisti, architetti e arredatori.

Londonart è contemporaneità
Uno spirito internazionale in un'anima artigianale e d'atelier: un nome, Londonart, che richiama l'essenza dell'arte del design, attraverso i concetti di decorazione e progettualità. Un universo di espressioni per trasformare ogni spazio in arredo. I wallpaper Londonart divengono così moda che veste le superfici, design che trasforma gli ambienti.

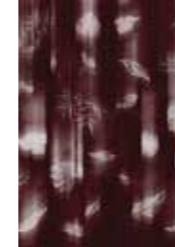

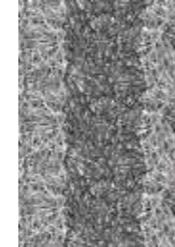

Londonart è funzionalità
Una nuova concezione del wallpaper come elemento di puro arredo, capace di trasformare ogni spazio in un complemento unico, personale e innovativo.
Abbiamo ricercato e progettato una carta da parati che sia una proposta concreta per dare un'espressione razionale, capace di risolvere la problematica degli spazi vuoti, poiché customizzabile e su misura per ogni esigenza.

Londonart è arte
I pattern della carta da parati Londonart vengono creati sapientemente dai nostri designer: artisti, architetti, illustratori, tattoo artist e stylist che mettono mani, occhi e idee in una commistione di ispirazioni e mood dal tocco metropolitano, naturale o illustrativo, che arreda con molteplicità di soluzioni, bellezza e progettualità.

EXCLUSIVE WALLPAPER 20

EXCLUSIVEWALLPAPER

An aesthetic journey made up of pop notes, neo-classical-renaissance representations and shades of cinema. Abstract images and geometries combined with different contexts, which stimulate a new perception of space. The result of research, study, dedication and imagination, the new collection combines sober themes and bourgeois hemispheres, enriched by tactile textures which create a seductive and dynamic character. Thus we find Venus in a lush garden, fabrics embroidered with precious decorations, waves of colour, flowers which emphasize the mark, geometric leaves and forms with lines stolen from fabrics. Greatly evocative backgrounds, where macro-decoration is the star, for wallpapers capable of widening our horizons, transforming a simple wall into something harmonious and intoxicating. Once again this year, the subjects stand out thanks to the intense energy of the collection which springs primarily from a special blend between the world of fashion and the world of art, with digressions ranging from the East to the first Cubist experiments.

Un viaggio estetico fatto di accenti pop, rappresentazioni neoclassiche-rinascimentali e toni cinematografici. Immagini astratte e geometrie abbinate a contesti diversi, che stimolano una percezione nuova degli spazi. Frutto di ricerca, studio, dedizione ed immaginazione, la nuova collezione è un insieme di toni sobri ed emisferi borghesi, impreziositi da texture materiche che creano un carattere seduttore e dinamico. Così troviamo Venere in un rigoglioso giardino, tessuti ricamati con preziosi decori, onde di colore, fiori che evidenziano il segno, foglie e forme geometriche con linee rubate ai tessuti. Sfondi di grande suggestione, dove la macro decorazione è protagonista, per wallpaper in grado di ampliare gli orizzonti, trasformando una semplice parete in qualcosa di armonioso e inebriente. I soggetti anche quest'anno si distinguono per l'energia intensa della collezione che nasce soprattutto da una speciale contaminazione tra il mondo della moda e il mondo dell'arte con divagazioni dall'Oriente ai primi esperimenti cubisti.

Our creative strength is the fruit of an endless research and a desire for innovation

GLASSWALLPAPER

Bathroom Collection by Londonart is the wallpaper collection that does not fear water, dedicated to the bathroom and humid areas to dress the most intimate and personal living environment. The bathroom thus becomes the place without boundaries where you let your imagination fly and give the green light to chromatic experiments, retro references, touches of irony, and hyper-contemporary and industrial charms. Submerged landscapes, waves, worlds inhabited by shells, algae, and aquatic creatures; floral and geometric decor, romantic or linear. Able to create coverings that perfectly fit all situations that need contemporary character and personality.

Bathroom Collection di Londonart è la collezione di wallpaper che non teme l'acqua, dedicata al bagno e alle zone umide per vestire l'ambiente più intimo e personale dell'abitare. Il bagno diventa così il luogo senza confini in cui far volare la fantasia e dare il via libera alle sperimentazioni cromatiche, alle citazioni rétro, ai tocchi di ironia e alle fascinazioni ipercontemporanee e industriali. Paesaggi sommersi, onde, mondi abitati da conchiglie, alghe e creature acquatiche e ancora, decori floreali e geometrici, romantici o lineari. In grado di creare rivestimenti perfettamente inseribili in tutte le situazioni che necessitano di carattere e personalità contemporanea.

FABIO FANTOLINO

architect

Fabio Fantolino is a designer architect. He set up one office in 2001 in Turin and a second one in Milan in 2014. The projects range from architecture to interior design and from the residential to the services sector, venturing into product design in the last few years as designer or art director, embarking on a number of partnerships with major companies. The desire to design not only custom solutions for his own projects, but also objects that are able to potentially reach everyone, stems from the deep rooted and renowned culture of tailor-made design. All the projects have a strong identity, resulting from his creative sensitivity and vast culture and knowledge of international design. Over the years, the firm has balanced trend, design and technique, essential ingredients of architecture that are carefully measured out and mixed together to achieve exclusive and perfect results. None of Fabio's projects is ever shouted, but always carefully calibrated between aesthetic appeal, customer requirements and his personal interpretation and design expertise. This is how an idea transitions from content to a unique work where every element, whether it be a material, light or furnishing, is carefully thought through and introduced as a secondary element or as the main feature, enhancing the thread running through the project, whilst respecting the individuality and specific aspects of the project goal, plus the balance and liveability of the space.

Nato a Cremona nel 1960, si diploma nel 1978 presso l'Istituto Professionale Internazionale per l'Artigianato Lutario e del Legno di Cremona. Frequenta la Facoltà di Architettura del Politecnico di Milano dove segue i corsi di Achille Castiglioni e Marco Zanuso, laureandosi nel 1986. Parallelamente è allievo della scuola privata Politecnico di Design di Milano dove consegne il diploma nel 1984. Nel 1983, inizia a lavorare presso lo Studio De Lucchi diventandone socio nel 1986 fino al 1991, anno in cui decide di aprire il proprio Studio a Milano. Si occupa di design, interior design, art direction e grafica. Dal 1991 è Art Director di Kartell, ruolo che negli anni, ha ricoperto per altre aziende come Flos, De Padova, Foscarini, Moroso, Society (Limonta), Emmemobili. Ha progettato spazi commerciali e allestimenti ma anche uffici e residenze, per clienti privati e marchi dell'arredamento e della moda come Cassina, Dolce & Gabbana, Dada - Molteni & C., Barovier & Toso, Piper-Heidsieck, Missoni, Citroen, Hansgrohe, Martini e Rossi, Swarovski, Veuve Clicquot, Hennessy, Marazzi Group, La Rinascente, Piombo, Ermengildo Zegna, Renault, Haworth, Emilio Pucci, Zara, Habitat. I suoi prodotti sono nelle collezioni di aziende di design come Kartell, Foscarini, Dada - Molteni, Emmemobili, Moroso, UnoPiù, Lema, Poltrona Frau, Fontana Arte, Flli Boffi, Richard Ginori, Laufen, Cito, Rago-Marazzi Group, Memphis, Driade, Panasonic, Pelikan. Una mostra dedicata alle lampade disegnate per Kartell è stata allestita nel 2008, presso il teatro Metropol di Milano. Due di queste lampade, Bourgie e Take, sono nella collezione permanente dell'IMA, Indianapolis Museum of Art (USA); altri prodotti sono stati esposti in musei e mostre nel mondo. Nel 2015 sviluppa il nuovo concept per il museo Kartell di Noviglio, aggiornando il progetto d'interni che aveva ideato nel 1999 e che ha vinto il Premio Guggenheim Impresa & Cultura 2000, come miglior museo d'impresa.

DAINELLI STUDIO

architects

Dainelli Studio was founded in 2007 by Leonardo and Marzia Dainelli, designers and architects specialized – respectively – in product design and interior design. The studio – based in Milan and Pisa – creates interior design projects for public and private spaces, and collaborates with prestigious companies in the world of furnishings, including: Arketipo, Fendi Casa, Fiam, Frag, Fratelli Boffi, Gallotti&Radice, Giorgetti, Lema, Londonart, Mogg and Porada. La continua ricerca estetica e formale, tratto distintivo di Dainelli Studio, si concretizza in un design ricercato, attento alle proporzioni, all'armonia tra forme, colori, materiali e finiture. Ogni progetto, infatti, porta con sé una profonda cultura progettuale unita alla conoscenza delle tecniche e dei processi produttivi industriali ed artigianali. La capacità di dialogare al tempo stesso sia con l'ambiente che con il singolo prodotto – grazie ai diversi know-how di Leonardo e Marzia – consente di dare vita ad ogni elemento necessario alla costruzione di un progetto completamente personalizzato: dal singolo oggetto creato su misura fino al total look di un habitat completo.
